11. Except where indicated in the Club handbook, all cars must be parked in the official car park where one is provided and all gates to fisheries to be locked after entry and exit. Under no circumstances may cars be parked on roads adjacent to fisheries.
12. Groundbait may be used in moderation on all Club waters where the Riparian Owners do not object.
13. All members are expected to act as bailiffs and challenge politely every person on Club fisheries not known to them. When a member challenges another person he shall first produce his own membership card and then request to see the other person's membership card. Any member challenged by another member or an official bailiff shall produce his membership card and if requested by a bailiff also his Environment Agency rod licence.
14. Any signs of misconduct, or pollution must be reported to the Fishery Officer and/or General Secretary immediately.
15. Any member called upon for assistance by an official bailiff shall render, if capable, same immediately.
16. Unless by prior permission of the Committee no person other than a Club member, no matter what the age or relationship, if any, to the member shall be allowed on any Club fishery,

whether they fish or not. Non-members may drop off or pick up Club members from the car parks if required but must leave immediately. A member who cannot produce a valid membership certificate will be deemed a “non-member”.

- 17.No member shall introduce any fish of any species whatsoever into any Club water nor may fish be moved from one fishery to another or from one water within a fishery to another except under Committee instructions.
- 18.All fish must be returned to the Club water from which they were caught or taken, unless written permission to remove, keep or cull fish has been given by the Management Committee.
- 19.No unauthorised fires to be lit on any Club fishery. Proper cooking appliances are allowed but must be constantly monitored. For the sake of safety no barbecues are allowed.
- 20.No swimming on or at any Club fishery.
- 21.Sweetcorn, luncheon meat or any other form of canned bait must not be taken to the waterside in the container in which it was purchased e.g. tin can, glass etc.
- 22.No prebaiting is allowed prior to a fishing session on any Club water.
- 23.No bait of any variety is to be deposited in the water or on the banks after a fishing session. Please take surplus bait away.
- 24.All members are requested to fish their swim i.e. not too close to the next angler and not over half way towards any angler on the opposite bank.
- 25.No member shall fish deliberately in any reed bed on any Club water.
- 26.No member is to be allowed on any Club fishery during an official closed period except at the discretion of the Management Committee.
27. No camping (recognised angling shelters, bivouacs, broly tents are allowed).
- 28.a. No boats or water craft of any kind or size allowed on Club waters without consent of the Committee. This means even the kind which are used for the placing of baits.
